

**SPECIAL SAFETY BULLETIN-Moving Walkways & Escalators — 01.10.16**

The MAA is responsible for ensuring the safety of its, Equipment, Facilities, Employees, Customers, the Environment and their Contractors. These are very important elements of our safety management program. To keep our organization compliant and safe, we must all adhere to any rules, policies and procedures to minimize the potential for incidents. We all are responsible for keeping the environment safe for everyone. Maryland Aviation and BWI have safety guidelines that do not permit carts, dollies, walkers, wheelchairs, strollers or horseplay on moving Walkways or Escalators. In the best interest of all please be informed that the above are not permitted.

**NOT PERMITTED ON MOVING WALKWAYS & Escalators**

- **NO CARTS**
- No Stroller
- No Wheelchairs
- No Horseplay
- Take Extra Care when wearing rubber or plastic shoes
