## ACCESS TO HOURLY GARAGE/EMPLOYEE PARKING LOT

---

The only SAFE way for employees/patrons to transition between the Terminal Building and the Hourly Garage/Employee Parking Lot is to use the elevated skywalks or pedestrian tunnel that connects the Terminal Building to the Hourly Garage. Crossing the Terminal Roadway on foot and walking through the Pet Relief Area as a shortcut is an unsafe practice and is highly discouraged.

To address this problem, the gates near the Pet Relief Area that provide access into the Hourly Garage Level 3 will no longer be accessible to employees/patrons. This will take effect immediately.

Thank you in advance for your cooperation in addressing this safety matter by ceasing the practice of walking across the Terminal Roadway as a short cut to the Hourly Garage.
