

TENANT INFORMATION ADVISORY

Retention: March 12, 2021

February 11, 2021

21-002

ELECTRICAL SUBSTATION MAINTENANCE

Maintenance is scheduled for the following electrical equipment at Baltimore/Washington International Thurgood Marshall Airport. All tenants in the affected areas should take precautionary measures for a power outage on each of the dates listed below. The known outages provide a good opportunity for tenants to test UPS systems. In the event of a power outage, all life safety systems including fire protection and emergency lighting systems will operate as designed utilizing backup power. If there should be an interruption to electrical services unexpectedly, please contact the Building Maintenance Supervisor's office at 410-859-7200.

Tuesday, February 23, 2021

12:01 a.m. – 6:00 a.m.

Equipment to be serviced: South Main 34 KV Sub ST2 Transformer, Aerial Switch
(No outages expected)

Affected areas: Central Utility Plant, Runway 15R Deicing Pump Station, Gate A, all levels of the Daily Garage, and International Terminal Lower and Upper Levels including Concourse E loading bridges and TSA international baggage screening

Anyone having concerns with the work or specific operational needs should contact the Maryland Aviation Administration as follows:
