BIENNIAL BRIDGE INSPECTION

Between Sunday, June 13, 2021 and Wednesday, June 30, 2021, RK&K and Allied Contracting will be performing the routine inspections for assessment of the condition of two bridges around the Airport.

Inspections will take place on the bridges near the Terminal at the following locations:

- Upper Level Roadway Bridge in front of Concourses A and B
- Concourse C Pedestrian Tunnel

Inspections utilizing the Lower Level Roadway will require one lane closure for a 200-foot interval at a time, with one lane of traffic maintained at all times through the use of cones/flagmen.

Lower Level Roadway closures will only occur between 11:00 p.m. and 7:00 a.m.

Upper Level Roadway closures will only occur between 10:00 p.m. and 6:00 a.m.

Traffic disruptions will be kept to a minimum.

An aerial work platform will be utilized for many of the inspections and will be stored in the employee parking lot when not in use.

Airport Operations (410-859-7018) will be notified each day and night prior to closing lanes/ramps and upon re-opening lanes/ramps.

The points of contact are Joseph Chalk (RK&K) at 410-494-9093 or Alex Ollerman (MAA) at 410-859-7090.
