CONCOURSE A/B CONNECTOR AND BHS PROGRAM ELECTRICAL OUTAGE FOR SOUTH TERMINAL

In support of the Concourse A/B Connector and BHS program, an electrical outage for Substation ST-AB is scheduled to occur on **Tuesday, January 11 beginning at approximately 2:00 a.m. lasting until approximately 3:00 a.m.** During this time, a majority of the departure and arrival levels of South Terminal will be impacted. The following specific areas/tenants are anticipated to be impacted during this outage:

- Arrivals level Inbound Baggage Claims 6, 7, 8, 9 and associated Baggage Service Offices for Southwest Airlines (South Terminal), American Airlines, Alaska Airlines, and local Flight Information Display System (FIDS) monitors
- Outbound TSA Screening and Baggage Handling System for American Airlines
- Arrivals level Chimes Rooms BT144 and BT152
- AAWDC/BWI Business Partnership Suite (CT101)
- Various HVAC equipment served from MER #3 and MER #4
- Communications Rooms BT154, ST122, ST128, ST104B, and ST204
- Electrical Rooms ST104, ST122A, BT146, ST202, ST200E, MER #4 MCC
- Arrivals level interior common area lighting and power
- Miscellaneous lower level roadway lighting
- Various vestibule entry/exit doors at South Terminal and BWI exterior taxi stand
- Southwest Airlines International ticket counter and American Airlines ticket counter and support spaces
- Terminal Ambassador suite, Maryland Aviation Administration Lost and Found, and Custodial Services suite
- South Terminal Concession Food Court, Dunkin Donuts, Ledo Pizza, and nearby concession support spaces

See attachment for floor plan of anticipated areas that will be impacted. Work is being coordinated with affected tenants, TSA, and Maryland Aviation Administration offices.

If the outage on January 11 is unable to occur, this event will be rescheduled to occur on the backup date of Wednesday, January 12 between the early morning hours of 2:00 a.m. and 3:00 a.m. (for a total duration of approximately one hour). All tenants in the affected areas should take precautionary measures for a power outage on each of the dates listed. This known outage provides a good opportunity for tenants to test UPS systems. In the event of a power outage, all life safety systems including fire protection and emergency lighting systems will operate as designed utilizing backup power.

If there should be an interruption to electrical services unexpectedly, please contact the Building Maintenance Supervisor's office at 410-859-7200. Anyone having concerns or specific operational needs should contact the Maryland Aviation Administration as follows:

James Branch
Assistant Manager
Airfield Lighting and Power Distribution
