Between Monday, June 6, 2022 and Wednesday, July 6, 2022, Prime AE Group, Inc. will be performing the routine inspections for assessment of the condition of 21 bridges around the Airport.

Inspections utilizing the Lower Level Roadway will require a one-lane closure for a 200-foot interval at a time, with one lane of traffic maintained all times with the use of cones/flagmen.

Lower Level Roadway closures will only occur from June 20 and June 30 between 11:00 p.m. and 7:00 a.m.

Upper Level Roadway closures will only occur from June 20 and June 30 between 10:00 p.m. and 6:00 a.m.

Only one ramp will be closed at a time at the Hourly Garage.

Traffic disruptions will be kept to a minimum.

An aerial work platform will be utilized for many of the inspections and will be stored in the employee parking lot when not in use.
