SCHEDED RUNWAY INTERSECTION CLOSURES CALENDAR YEAR 2025

The Maryland Aviation Administration is scheduling monthly runway intersection closures of Runways 10-28 and 15R-33L to conduct required maintenance of the pavement, lighting, markings, signage, and safety areas. Runway 15L-33R will remain open during this time. The intersection closures will occur between the hours of 2:00 a.m. – 4:30 a.m. on the dates noted below. We urge air carriers to honor the scheduled closure times because the nature and schedule of work involved does not allow us to deviate from the posted times. If the scheduled closure is canceled due to weather, it will be rescheduled for the following day. If the rescheduled date is canceled, no closure will occur until the following month. We ask that you plan your flight schedules accordingly, so our crews can accomplish their work and keep the airfield maintained in a safe manner. We appreciate your patience and thank you for working with us. **Please distribute this Tenant Information Advisory to your flight dispatchers, schedulers, and anyone else with a need to know.**
