

TENANT INFORMATION ADVISORY

Retention: February 28, 2025

December 20, 2024

24-046

SUBSTATION MAINTENANCE

Maintenance is scheduled for the following electrical equipment at Baltimore/Washington International Thurgood Marshall Airport. All tenants in the affected areas should take precautionary measures for a power outage on each of the dates listed below. The known outages provide a good opportunity for tenants to test UPS systems. If security systems are affected, contractor will arrange for alternate power prior to the commencement of work. In the event of a power outage, all life safety systems including fire protection and emergency lighting systems will operate as designed utilizing backup power. If there should be an interruption to electrical services unexpectedly, please contact the Building Maintenance Supervisor's office at 410-859-7200.

Saturday, January 4, 2025

Sunday, January 5, 2025

10:10 p.m. - 6:00 a.m.
